

**Questions Received From Prospective Contractors
On Strategic Planning for Workforce Services
Invitation to Negotiate
Dated May 1, 2009**

1. Can the samples of work product be submitted on CD-ROM? If not, how many hard copies of the samples of work product must the respondent submit?

Answer: In accordance with the Invitation to Negotiate, Submission of Responses, six copies of the “Firm Questionnaire” and any examples of work product the respondent may wish to provide must be submitted. Due to the short timeframe for evaluation of proposals, hard copies are preferred for each of the evaluators.

2. Who will be included in the audience for the face-to-face presentations?

Answer: Members have not been appointed at this time; however, it is anticipated that members will include but not be limited to the WFI President, WFI Director for External Affairs, WFI Strategy Council member(s), and Agency for Workforce Innovation staff.

3. Did a consultant assist Workforce Florida with the recent 2009 Strategic Plan Update? If so, who was the consultant?

Answer: WFI did not use the services of a consultant for the 2009 Strategic Plan update, rather, this effort was coordinated by WFI’s Director for External Affairs.
